Advice No. 3182
(U 904 G)

Public Utilities Commission of the State of California

Subject: Notice of Intent to Provide Energy Efficiency Services for U.S. Navy Facilities on San Clemente Island

Southern California Gas Company (SoCalGas) is filing this advice letter under the provisions of Section X.B. of the California Public Utilities Commission's (Commission) General Order No. 96-A.

Purpose

By this advice letter SoCalGas hereby notifies the Commission of its intent to provide the U.S. Department of the Navy (Navy) with information and support regarding energy efficiency options for its facilities located on San Clemente Island, and affirms that San Clemente Island is within its service territory.

Information

San Clemente Island is currently an unserved area located within the political jurisdiction of Los Angeles County that, as noted in existing SoCalGas tariffs, is within SoCalGas' service territory. The Navy is the island's sole property owner.

SoCalGas has provided information and support regarding energy efficiency options to other governmental customers at various locations within its service territory. Navy command seeks such support from SoCalGas for this installation as well.

This advice filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other schedule or rule.
