Advice No. 3306
(U 904 G)

Public Utilities Commission of the State of California

**Subject: November 2003 Core Procurement Charge and Core Subscription
Procurement Charge Updates**

Southern California Gas Company (SoCalGas) hereby submits for filing revisions to its tariff schedules, applicable throughout its service territory, as shown on Attachment B.

This filing is made in compliance with Ordering Paragraphs 1, 2 and 3 of Decision No. (D.) 98-07-068, dated July 23, 1998.

Purpose:

This filing revises the listed tariff rate schedules by updating both the Core Procurement Charge for residential and core commercial and industrial customers, and the retail and wholesale Core Subscription Procurement Charges for November 2003.

Core Procurement Charge Update:

D.98-07-068 authorizes SoCalGas to 1) change the calculation of its forecasted portfolio weighted average cost of gas using best estimates of the weighted volumes and prices of flowing supplies from the different supply basins delivered to the California/Arizona border for the purposes of calculating its Core Procurement Charge, 2) file the Core Procurement Charge tariffs on the last business day of each month to become effective on the first calendar day of the following month, and 3) establish a Core Purchased Gas Account (CPGA) imbalance band of $\pm 1\%$ of the actual annual commodity gas purchases for the preceding 12-month period ending March 31 of each year, wherein adjustments would be made to the Core Procurement Charge only if the CPGA imbalance falls outside of such band.

For residential and core commercial and industrial customers the November 2003 Core Procurement Charge is **42.573¢** per therm, an increase of **0.185¢** per therm from last month.

Core Subscription Procurement Charge Update:

D.98-07-068 authorizes SoCalGas to 1) change the calculation of its forecasted portfolio weighted average cost of gas using best estimates of the weighted volumes and prices of flowing supplies from the different supply basins delivered to the California/Arizona border for the purposes of calculating its Core Subscription Procurement Charge, and 2) file the Core Subscription Procurement Charge tariffs on the last business day of each month to become effective on the first calendar day of the following month.

For November 2003, the retail Core Subscription Procurement Charge is 43.005¢ per therm, an increase of 0.102¢ per therm from last month. The wholesale Core Subscription Procurement Charge is 42.797¢ per therm, an increase of 0.102¢ per therm from last month. The workpaper showing details of the calculation of these rates is incorporated herein as Attachment C.

The November 2003 Buy-Back Rates, as contained in Schedule No. G-IMB, Transportation Imbalance Service, will be filed at the end November 2003 by separate advice letter.

Pursuant to Resolution G-3316, the Schedule No. G-IMB Standby Procurement Charges for November 2003 will be filed at least one day prior to December 25, 2003 by separate advice letter.
