Advice No. 3853
(U 904 G)

Public Utilities Commission of the State of California

Subject: Expedited Advice Letter Request for Approval to Extend Discounted Interstate Transportation Capacity on Transwestern Pipeline Company

Southern California Gas Company (SoCalGas) hereby submits for filing with and approval by the California Public Utilities Commission (Commission) to extend a discounted capacity contract on Transwestern Pipeline Company (TW) for 100,000 MMBtu/d in compliance with Decision (D.) 04-09-022.

Purpose

The purpose of this filing is to request approval by the Commission to extend the term of SoCalGas' existing capacity contract for 100,000 MMBtu/d with TW.

Background

D.04-09-022 was issued, in part, to address the Phase I proposal of SoCalGas, filed in compliance with R.04-01-025, on new capacity contracting procedures that allowed for the utility to acquire core capacity in a more efficient and cost effective manner. The Commission approved procedures for capacity contract approval that rely on consultation between SoCalGas, Division of Ratepayer Advocates (DRA), The Utility Reform Network (TURN), and the Energy Division for all commitments for interstate capacity, and on a capacity planning range based on the utility's forecasted core average temperature year daily demand. Together with existing capacity and other future capacity additions, the extension of this TW contract will contribute towards meeting the capacity planning range for the consolidated SoCalGas/SDG&E core portfolio.

Under the interstate capacity acquisition procedure approved in D.04-09-022, contracts for interstate capacity supported by DRA and TURN may be submitted for approval to the Commission by an Expedited Advice Letter. DRA and TURN have authorized SoCalGas to state that they support this proposed TW capacity extension. The specific terms of this capacity transaction are set forth in Confidential Attachments B and C.

The Confidential Attachments B and C are provided to Energy Division, Legal Division, and DRA under the confidentiality provisions of General Order 66-C and Section 583 of the California Public Utilities Code and to TURN under the confidentiality provisions of a non-disclosure agreement. Attachment B contains a confidential summary of the contractual terms of the agreement. Attachment C contains the confidential Letter Agreement between TW and SoCalGas, including Service Agreement Amendments, and associated Appendix A. SoCalGas urges the Commission to approve this Expedited Advice Letter as promptly as possible.

Any consumer groups who are non-market participants who want access to confidential market sensitive information in Attachment C would need to execute a non-disclosure agreement and make a request in writing to Michael R. Thorp, Senior Counsel for SoCalGas, at facsimile number (213) 629-9620.

Anyone may protest this Expedited Advice Letter to the Commission. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously.
