Advice No. 3902
(U 904 G)

Public Utilities Commission of the State of California

Subject: Affidavit of Eligibility for Summer Saver Gas Air Conditioning Optional Rate Program

Purpose

Southern California Gas Company (SoCalGas) hereby submits for filing Form No. 6540 (09/08), Affidavit of Eligibility for Summer Saver Gas Air Conditioning Optional Rate Program (Gas AC Agreement), required by Special Condition (SC) 4 to be executed by the customer as a condition precedent to service under Schedule No. GO-AC, Optional Rate for Customers Purchasing New Gas Air Conditioning Equipment, applicable throughout its service territory, as shown on Attachment B.

Background

On August 1, 2006, the Commission approved SoCalGas Advice No. (AL) 3638 which streamlined SoCalGas' tariffs by consolidating Schedule Nos. GO-AC and GTO-AC, Transportation-Only Optional Rate for Customers Purchasing New Gas Air Conditioning Equipment, into a single schedule, Schedule No. GO-AC. As a condition precedent to service under this schedule, SC 4 required an executed Gas AC Agreement in which the customer certifies qualification under the terms and conditions of the schedule. The sample form was inadvertently omitted when AL 3638 was filed.

Schedule No. GO-AC is for residential customers who 1) would normally qualify for service under Schedule No. GR, Residential Service, and 2) have, within twelve months prior to sign-up, purchased a newly constructed home with gas AC, installed gas AC equipment in a newly constructed home, or replaced an existing gas AC unit with a new, more efficient gas AC unit.

This filing will not increase or decrease any rate or charge, conflict with any schedules or rules, cause the withdrawal of service currently provided by SoCalGas, or impose more restrictions on SoCalGas' customers.

RESOLUTION NO. _____

**Summer Saver Gas Air Conditioning Optional Rate Program
Rate Schedule GO-AC**

What is this optional rate? The optional rate program provides a discount on the transmission component and only on the incremental monthly consumption above the average non-temperature sensitive, or "base," residential gas usage. The tariffed base usage for single family dwellings is 0.917 therms per day; for multi-family dwellings, the tariffed base usage is 0.722 therms per day. All consumption above the base usage from May 1 through October 31 will be discounted. The discount appears as a credit on the customer bill.

Who is eligible to enroll at this rate? Any residential customer eligible for the residential GR rate who has, within the last 12 months, purchased a newly constructed home with natural gas air conditioning, installed gas air conditioning in a newly constructed home, or replaced an existing natural gas air conditioning unit with a new more efficient natural gas air conditioning unit.

How does the optional rate work? The program offers a \$0.20 per therm rate reduction on each therm of gas used from May through October above the tariffed base usage. If your gas consumption does not surpass the established base usage, you will continue to be billed at the otherwise applicable rate.

What does it cost? If eligible to participate, there is no fee to enroll in the program.

(To enroll, return this portion to the designated address)

Account #: _____
Customer Name: _____
Service Address: _____ City: _____ Zip: _____
Phone: _____ Email: _____

Signature: _____ Date: _____

Does the “base year” change? No. The “base year” is the year prior to enrollment in the program.

Does enrollment in the program automatically carry over each summer? Yes, for a period of up to four (4) years. There is no need to reapply. At the end of four years, your eligibility for the rate will terminate and you will be returned to the regular residential GR Rate Schedule.

What if I want to cancel my enrollment? Participation in the Summer Saver program is voluntary. You can cancel at any time by simply calling 1-800-427-4400 and pressing “0” to speak with a Customer Service Representative.

Participation is voluntary. You can discontinue your participation at any time by notifying Southern California Gas Company (The Gas CompanySM). This optional rate program shall at all times be subject to such changes or modifications by the Public Utilities Commission of California (CPUC) as said Commission may, from time to time, direct in the exercise of its jurisdiction. This optional rate is currently authorized by the CPUC. The Gas Company reserves the right to change the Summer Saver discount structure at any time, with appropriate notification; in no case shall the non-baseline rate less the Summer Saver discount rate be less than the volumetric floor rate adopted by the CPUC.
