Advice No. 3940-A  
(U 904 G)

Public Utilities Commission of the State of California

**Subject: Partial Supplement - January 1, 2009 Consolidated Rate Update**

Southern California Gas Company (SoCalGas) hereby submits for approval by the California Public Utilities Commission (Commission) revisions to SoCalGas' tariff schedules, applicable throughout its service territory, as shown on Attachment B, to be effective January 1, 2009.

**Purpose**

This complies with the Energy Division direction to file a partial supplement in order to correct an inadvertent error that occurred in the calculation of the rates for Schedule No. GT-PS, Peaking Service. There are no changes to any of the other rates in the original Advice No. 3940, filed on December 29, 2008 and made effective January 1, 2009.

**Information**

SoCalGas proposes the following corrections in the calculation of the peaking rate:

- First, a correction in a unit conversion calculation. In the unbundling of the Firm Access Rights (FAR) amount, a rate that was expressed in "dollars per therm" was applied to a volumetric amount that was expressed in "thousands of decatherms".
- Second, a correction in the calculation of the volumetric rate portion of the peaking rate. Transmission costs are not part of volumetric rate. Therefore, the FAR revenue credit should not be applied to the volumetric portion of the rate.
- Third, a correction in the calculation of the SDG&E peaking rate. Transmission costs are not part of the wholesale rate to SDG&E. SDG&E customers receive the FAR credit applied directly to their transportation rates. Therefore, SDG&E peaking rate should not reflect a FAR credit.

The redline version of Schedule No. GT-PS as revised herein is shown as Attachment C.

In addition, Sheet 1 of Schedule No. GW-SD is being refiled to correct an oversight. Schedule No. GT-SD has since been retired. Hence, the reference thereto in the paragraph before Special Conditions should be deleted.

### **Protests**

Anyone may protest this Advice Letter to the Commission. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. The protest must be made in writing and received within 20 days of the date of this Advice Letter. There is no restriction on who may file a protest. The address for mailing or delivering a protest to the Commission is:

CPUC Energy Division  
Attn: Tariff Unit  
505 Van Ness Avenue  
San Francisco, CA 94102

Copies of the protest should also be sent via e-mail to the attention of both Maria Salinas ([mas@cpuc.ca.gov](mailto:mas@cpuc.ca.gov)) and to Honesto Gatchalian ([ijnj@cpuc.ca.gov](mailto:ijnj@cpuc.ca.gov)) of the Energy Division. A copy of the protest should also be sent via both e-mail and facsimile to the address shown below on the same date it is mailed or delivered to the Commission.

Attn: Sid Newsom  
Tariff Manager - GT14D6

E-mail: [snewsom@SemptraUtilities.com](mailto:snewsom@SemptraUtilities.com)

### **Effective Date**

SoCalGas believes this Advice Letter is subject to Energy Division disposition and should be classified as Tier 1 (effective pending disposition) pursuant to GO 96-B. SoCalGas requests that, in order to comport with the requested effective date of the original Advice No. 3940, the revised tariffs be also made effective for service on and after January 1, 2009.

### **Notice**

A copy of this advice letter is being sent to all parties listed on Attachment A, which includes the interested parties in A.04-12-004 (FAR), A.06-12-010 (TY2008 GRC) and A.08-02-001 (BCAP).
