Advice No. 4001  
(U 904 G)

Public Utilities Commission of the State of California

**Subject: Publication of Open Season Results for the Rainbow Corridor**

Southern California Gas Company ("SoCalGas") hereby submits for filing with the California Public Utilities Commission ("CPUC" or "Commission") this publication of the results of the Open Season held for firm service contracts commencing or renewing after May 31, 2009 for customers served off the Rainbow Corridor, which consists of Line 1027 (16-inch diameter), Line 1028 (24-inch diameter) and Line 6900 (30- and 36-inch diameter), which run from Moreno Station south to Rainbow Station.

**Purpose**

This filing submits for publication the results of the above mentioned Open Season pursuant to CPUC Decision (D.) 06-09-039 which requires SoCalGas to hold an Open Season in areas that are constrained or expected to soon be constrained and to publicize the results, as stated on page 63 of the decision:

"We will require that SoCalGas and SDG&E hold open seasons for firm capacity over those segments of the local transmission system which are experiencing or are expected to soon experience congestion, and that they publicize the results. If nominations exceed the available capacity, then our expectation is that the utility will promptly upgrade the system. If, even in the event that nominations exceed capacity, the utility declines to upgrade the system, it shall file a publicly available advice letter with the Commission explaining its decision."

**Background**

In R.04-01-025<sup>1</sup>, SoCalGas and San Diego Gas & Electric (SDG&E) explained the interaction between demand in SoCalGas' Rainbow Corridor and the capacity of the SDG&E system. SoCalGas determined that increasing core demand and requests for firm service by noncore customers in the Rainbow Corridor can potentially reduce capacity of the downstream SDG&E system and affect its ability to meet all requests for firm noncore service. Following D.06-09-039, the 2009 Rainbow Corridor Open Season was held for firm service contracts commencing or renewing after May 31, 2009, concurrent with the SDG&E Open Season.

---

<sup>1</sup> Prepared Direct Testimony of David M. Bisi, page 16.

Large customers were asked to bid their desired firm service requirements for five years, and the smaller customers were asked to bid for a two-year term. All firm service requests were subject to use-or-pay obligations.

### **Rainbow Corridor Open Season Results**

SoCalGas sent bid packages to the twenty (20) customers that are either currently noncore, noncore eligible, or expected to be noncore eligible within the term of this Open Season. Seven (7) customers bid for firm noncore service, seven (7) elected or remained core service, six (6) elected or defaulted to interruptible noncore service. One (1) customer was considered large and therefore was required to bid a five-year term. One of the seven customers that bid for firm noncore service is SDG&E<sup>2</sup>. SoCalGas was able to award all customer bids for firm noncore service. It should be noted that some noncore customers within the potentially constrained Rainbow Corridor area elected interruptible service. There is still a risk of interruptible service curtailment if these interruptible customers operate on a cold winter day. Based on the customer elections and the results of the open season, the existing infrastructure is adequate to supply all core and firm noncore requirements and no expansions are planned at this time. In accordance with Special Condition 34 of Schedule No. GT-F, Firm Intrastate Transmission Service, if the Commission agrees that no expansion is needed; SoCalGas will reduce the commitment for the Rainbow Corridor's large customers from five (5) years to two (2) years, consistent with the term for small customers. Schedule No. GT-F Special Condition 34 states as follows:

34. Term: For large noncore customers, the term for firm service shall be the earlier of (a) two (2) years beyond the in-service date of facilities associated with the expansion of local transmission service or (b) five (5) years. For small noncore customers, the term is two years. In the event all requests for firm noncore capacity can be awarded without proration and the Utility does not plan to expand the local transmission system within the five-year contract period, the Utility will inform the Commission. Upon Commission agreement that there is no need to construct additional facilities within the five-year contract period, the Utility shall amend the five-year contracts to expire after two years, consistent with the term for small customers.

The actual capacity of the Rainbow Corridor and the SDG&E system is dependent upon the location of the customer demand on both systems. Based on the level of core demand in the Rainbow Corridor and on the SDG&E system, the current capacity of the SDG&E/Rainbow Corridor system is 725 MMcfd in the winter operating season and 670 MMcfd in the summer<sup>3</sup>. This capacity was made available to both SoCalGas Rainbow Corridor customers and SDG&E customers during the Open Seasons. The solicitations resulted in peak firm demand (core and noncore) of 677 MMcfd in the winter (596 MMcfd on the SDG&E system, 81 MMcfd in the Rainbow Corridor) and 489 MMcfd in the summer (444 MMcfd on the SDG&E system, 45 MMcfd in the Rainbow Corridor), resulting in excess capacity in both operating seasons. Based on these results and SoCalGas' analysis of likely firm demand, SoCalGas has determined that no additional facilities or equivalent contractual arrangements are needed at this time.

---

<sup>2</sup> SDG&E is a wholesale customer of SoCalGas. SDG&E was required to submit a bid to SoCalGas for the Rainbow Corridor open season comprising its core load plus the total of SDG&E noncore customers' firm bids from SDG&E's open season.

<sup>3</sup> Figures exclude capacity reserved for an operating margin.

**Protest**

Anyone may protest this Advice Letter to the Commission. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. The protest must be made in writing and must be received within 20 days of the date of this Advice Letter. There is no restriction on who may file a protest. The address for mailing or delivering a protest to the Commission is:

CPUC Energy Division  
Attn: Tariff Unit  
505 Van Ness Avenue  
San Francisco, CA 94102

Copies of the protest should also be sent via e-mail to the attention of both Maria Salinas ([mas@cpuc.ca.gov](mailto:mas@cpuc.ca.gov)) and to Honesto Gatchalian ([jnj@cpuc.ca.gov](mailto:jnj@cpuc.ca.gov)) of the Energy Division. A copy of the protest should also be sent via both e-mail and facsimile to the address shown below on the same date it is mailed or delivered to the Commission.

Attn: Sid Newsom  
Tariff Manager - GT14D6  
555 West Fifth Street  
Los Angeles, CA 90013-1011  
Facsimile No. (213) 244-4957  
E-mail: [snewsom@SempraUtilities.com](mailto:snewsom@SempraUtilities.com)

**Effective Date**

SoCalGas believes this Advice Letter is subject to Energy Division disposition and should be classified as Tier 2 (effective after staff approval) pursuant to GO 96-B. SoCalGas respectfully requests that it be made effective on August 8, 2009, which is 30 calendar days after the date filed.

**Notice**

A copy of this advice letter is being sent to all parties listed on Attachment A to this advice letter, which includes the interested parties in R.04-01-025.

# CALIFORNIA PUBLIC UTILITIES COMMISSION

## ADVICE LETTER FILING SUMMARY ENERGY UTILITY

MUST BE COMPLETED BY UTILITY (Attach additional pages as needed)

Company name/CPUC Utility No. **SOUTHERN CALIFORNIA GAS COMPANY (U 904G)**

Utility type:

ELC     GAS  
 PLC     HEAT     WATER

Contact Person: Sid Newsom

Phone #: (213) 244-2846

E-mail: SNewsom@semprautilities.com

### EXPLANATION OF UTILITY TYPE

ELC = Electric                      GAS = Gas  
PLC = Pipeline                     HEAT = Heat    WATER = Water

(Date Filed/ Received Stamp by CPUC)

Advice Letter (AL) #: 4001

Subject of AL: Publication of Open Season Results for the Rainbow Corridor

Keywords (choose from CPUC listing): Capacity, Contracts, Natural Gas, Non-Core

AL filing type:  Monthly  Quarterly  Annual  One-Time  Other

If AL filed in compliance with a Commission order, indicate relevant Decision/Resolution #:

D.06-09-039

Does AL replace a withdrawn or rejected AL? If so, identify the prior AL No

Summarize differences between the AL and the prior withdrawn or rejected AL<sup>1</sup>: N/A

Does AL request confidential treatment? If so, provide explanation: No

Resolution Required?  Yes  No

Tier Designation:  1  2  3

Requested effective date: August 8, 2009

No. of tariff sheets: None

Estimated system annual revenue effect (%): N/A

Estimated system average rate effect (%): N/A

When rates are affected by AL, include attachment in AL showing average rate effects on customer classes (residential, small commercial, large C/I, agricultural, lighting).

Tariff schedules affected: \_\_\_\_\_

Service affected and changes proposed<sup>1</sup>: N/A

Pending advice letters that revise the same tariff sheets: \_\_\_\_\_

**Protests and all other correspondence regarding this AL are due no later than 20 days after the date of this filing, unless otherwise authorized by the Commission, and shall be sent to:**

**CPUC, Energy Division  
Attention: Tariff Unit  
505 Van Ness Ave.,  
San Francisco, CA 94102  
mas@cpuc.ca.gov and jnj@cpuc.ca.gov**

**Southern California Gas Company  
Attention: Sid Newsom
