Advice No. 4242
(U 904 G)

Public Utilities Commission of the State of California

Subject: Revision of the Income-Eligibility Guidelines, and Submission of Revised Application Forms and Instructions for the California Alternate Rates for Energy (CARE) Program

Southern California Gas Company (SoCalGas) hereby submits for filing with the California Public Utilities Commission (Commission) revisions to its tariff forms, applicable throughout its service territory, as shown on Attachment B.

This filing is made in compliance with Ordering Paragraph (OP) 3 of Resolution (Res.) E-3524, dated February 19, 1998.

Purpose

This filing revises SoCalGas' income-qualified rate schedules to reflect the increased income-eligibility guidelines used to qualify individuals or households for the California Alternate Rates for Energy (CARE) program and adds one application form for sub-metered bilingual post-enrollment verification. The Energy Division has determined that the new income levels are increased by 1.6% and rounded to the nearest 100. This filing revises the application instructions and forms to reflect the revised income guidelines and include a reference to the Energy Savings Assistance Program, which informs customers of the low income energy efficiency programs.¹ This filing contains 11 application forms: qualified agricultural employee housing; qualified

¹ On March 30, 2011, in Application 08-05-022, et al., *Assigned Commissioner's Ruling Providing Guidance Concerning the California Alternate Rates for Energy Program (CARE) and Energy Savings Assistance Program (Formally and Generally Referred to as Low Income Energy Efficiency (LIEE) Program) and Related 2012-2014 Budget Applications (Ruling)*, the Commission required that all references to the Low Income Energy Efficiency or LIEE Program be replaced with the Energy Savings Assistance Program brand name and logo. In the Ruling, the Commission directed that all of the low income energy efficiency programs administered by Pacific Gas and Electric Company, San Diego Gas and Electric Company, Southern California Edison Company, and SoCalGas (collectively, Utilities) be uniformly referred to as the Energy Savings Assistance Program.

nonprofit group living facilities; general purpose bilingual direct mail; individually metered self-certification in 13 languages; individually metered self-recertification in five languages; bilingual form for the Capitation program; individually metered post-enrollment verification in five languages; sub-metered bilingual post-enrollment verification, sub-metered bilingual self-certification; sub-metered bilingual self-recertification; and bilingual bill insert.

Information

The Energy Savings Assistance Program referral number, 1-800-331-7593, will be referenced in the 11 application forms, which include the new sub-metered bilingual post-enrollment verification form.

Res. E-3524 authorizes the energy utilities to change the income-eligibility guidelines for the CARE program pursuant to a communication issued by the Director of the Energy Division by May 1st of each year, with tariff revisions to be filed and become effective June 1st of each year. Pursuant to a notice dated April 27, 2011, from the Director of the Energy Division, SoCalGas was provided with the new CARE income-eligibility levels to be effective from June 1, 2011, through May 31, 2012. This notice further directs the energy utilities to file revised tariffs with the Energy Division reflecting the new income levels by May 14, 2011. Since May 14, 2011 falls on a Saturday, SoCalGas is filing its Advice letter on Monday, May 16, 2011.
