Advice No. 4493
(U 904 G)

Public Utilities Commission of the State of California

Subject: GCIM Mid-Season Storage Target

Southern California Gas Company (SoCalGas) hereby submits for approval by the California Public Utilities Commission (Commission) a revision to its Preliminary Statement, Part VIII, Gas Cost Incentive Mechanism (GCIM), as shown on Attachment B.

Purpose

Pursuant to Decision (D.) 06-10-029, SoCalGas is filing a revision to its Preliminary Statement, Part VIII, GCIM, to reflect that the mid-season minimum core-purchased inventory target of 47 Bcf that was established for GCIM Year 19 will also apply to GCIM Year 20.

Information

SoCalGas filed Application (A.) 05-06-030 regarding Year 11 (2004-2005) of its GCIM in June of 2005. In D.06-10-029, the Commission approved A.05-06-030 along with a Joint Recommendation as negotiated by the Division of Ratepayer Advocates (DRA), The Utility Reform Network (TURN), and SoCalGas. As a part of this Joint Recommendation, SoCalGas is to obtain agreement from DRA and TURN for mid-season (July 31) core-purchased inventory targets. It was also recommended that each of these changes would be reflected in SoCalGas' GCIM Preliminary Statement. The Commission approved the Joint Recommendation in Ordering Paragraph 3 of D.06-10-029.

SoCalGas has obtained agreement from DRA for a 2013 mid-season minimum storage target of 47 Bcf. As was the case last year, TURN was unable to participate in the review process for the mid-season storage target due to time constraints.

To reflect this 2013 agreed-upon target, the relevant portion of Section C.7 of SoCalGas' Preliminary Statement, Part VIII, GCIM would be revised as follows:

SoCalGas has obtained agreement from DRA for a mid-season storage target of 47 Bcf as of July 31, 2013~~2~~, which is a minimum storage level SoCalGas must meet unless otherwise agreed to by DRA and TURN. TURN was unable to

participate in the review process for this most recent mid-season storage target due to time constraints.

This filing will not result in an increase or decrease in any rate or charge, conflict with any rate schedules or any rules, or cause the withdrawal of service.

Protest

Anyone may protest this Advice Letter to the Commission. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. The protest must be made in writing and received within 20 days of the date of this Advice Letter, which is June 3, 2013. There is no restriction on who may file a protest. The address for mailing or delivering a protest to the Commission is:

CPUC - Energy Division
Attention: Tariff Unit
505 Van Ness Avenue
San Francisco, CA 94102

Copies of the protest should also be sent via e-mail to the attention of the Energy Division Tariff Unit (EDTariffUnit@cpuc.ca.gov). A copy of the protest shall also be sent via both e-mail and facsimile to the address shown below on the same date it is mailed or delivered to the Commission.

Attn: Sid Newsom
Tariff Manager - GT14D6
555 West Fifth Street
Los Angeles, CA 90013-1011
Facsimile No. (213) 244-4957
E-Mail: snewsom@semprautilities.com

Effective Date

SoCalGas believes that this filing is subject to Energy Division disposition and should be classified as Tier 2 (effective after staff approval) pursuant to GO-96-B. SoCalGas respectfully requests that this advice letter be approved on June 14, 2013, which is 30 calendar days after the date filed.

Notice

A copy of this advice letter is being sent to the parties listed on Attachment A, which includes the parties in A.12-06-005, SoCalGas Year 18 GCIM.

(Date Filed/ Received Stamp by CPUC)

Advice Letter (AL) #: 4493

Subject of AL: GCIM Mid Season Storage Target

Keywords (choose from CPUC listing): Storage

AL filing type: Monthly Quarterly Annual One-Time Other

If AL filed in compliance with a Commission order, indicate relevant Decision/Resolution #:

D.06-10-029

Does AL replace a withdrawn or rejected AL? If so, identify the prior AL: No

Summarize differences between the AL and the prior withdrawn or rejected AL¹: N/A

Does AL request confidential treatment? If so, provide explanation: No

Resolution Required? Yes No Tier Designation: 1 2 3

Requested effective date: 6/14/13 No. of tariff sheets: 3

Estimated system annual revenue effect (%): N/A

Estimated system average rate effect (%): N/A

When rates are affected by AL, include attachment in AL showing average rate effects on customer classes (residential, small commercial, large C/I, agricultural, lighting).

Tariff schedules affected: Preliminary Statement Part VIII – GCIM and TOCs

Service affected and changes proposed¹: N/A

Pending advice letters that revise the same tariff sheets: None

Protests and all other correspondence regarding this AL are due no later than 20 days after the date of this filing, unless otherwise authorized by the Commission, and shall be sent to:

CPUC, Energy Division
Attention: Tariff Unit
505 Van Ness Ave.,
San Francisco, CA 94102

Cal. P.U.C. Sheet No.	Title of Sheet	Cancelling Cal. P.U.C. Sheet No.
Revised 49159-G	PRELIMINARY STATEMENT, PART VIII, GAS COST INCENTIVE MECHANISM, Sheet 5	Revised 48686-G
Revised 49160-G	TABLE OF CONTENTS	Revised 49143-G
Revised 49161-G	TABLE OF CONTENTS	Revised 48994-G

PRELIMINARY STATEMENT
PART VIII
GAS COST INCENTIVE MECHANISM

Sheet 5

(Continued)

C. GAS COST INCENTIVE MECHANISM (GCIM) METHODOLOGY (Continued)

- k. Pursuant to Preliminary Statement, Part VI, Description of Regulatory Accounts - Memorandum, the Blythe Operational Flow Requirement Memorandum Account (BOFRMA) will record charges associated with the Utility Gas Procurement Department's purchasing and delivery of gas to sustain operational flows at Blythe. GCIM actual cost will be adjusted for charges or credits to the BOFRMA. Entries to this account, except for interest and amortization, along with related GCIM adjustments, ceased on April 1, 2009, the date the responsibility for managing minimum flow requirements for system reliability was transferred from the Utility Gas Procurement Department to the System Operator pursuant to D.07-12-019.
7. The Annual Storage Inventory target on November 1 is 82 Bcf of the physical gas supply, with an accepted variance of +0/-2 Bcf. This target does not include any park or net loan positions. If the November 1 target is not attained, deliveries must be made to insure that a minimum of 69 Bcf of actual physical gas in the core's inventory is reached by December 1. The January, February and March minimum month-end targets (equivalent to peak day minimums necessary for serving the core) must be met. Any deviation from these storage targets should be explained in SoCalGas' annual GCIM filing. SoCalGas has obtained agreement from DRA for a mid-season storage target of 47 Bcf as of July 31, 2013, which is a minimum storage level SoCalGas must meet unless otherwise agreed to by DRA and TURN. TURN was unable to participate in the review process for this most recent mid-season storage target due to time constraints. This target may include net loan positions.
8. Tolerance. To determine GCIM rewards or penalties, tolerance bands above or below the benchmark budget are used. Tolerance bands are calculated as a percentage of the monthly gas commodity portion of the benchmark budget and is added to or subtracted from the benchmark budget as "upper tolerance band" or "lower tolerance band" (sharing bands), respectively. The specific percentages are approved by the CPUC and may be redetermined in subsequent CPUC decisions (See Section 9).
9. Calculation of Rewards and Penalties Under GCIM
- a. On an annual basis, actual total purchased gas costs are compared to the annual benchmark budget to determine if a reward/savings or penalty applies.
- b. If actual total purchased gas costs for the incentive year are less than the annual benchmark budget, the difference constitutes a savings incentive to be shared between ratepayers and shareholders as defined by the Sharing Bands as follows:

Sharing Band	Ratepayer	Shareholder
0.0% -1.00%	100%	0%
1.00% - 5.00%	75%	25%
5.00% & Above	90%	10%

The shareholder reward will be capped at 1.5% of the actual annual gas commodity costs.
