Advice No. 4634
(U 904 G)

Public Utilities Commission of the State of California

Subject: Areawide Public Utility Contract with the United States General Services Administration for Natural Gas and/or Energy Management Services

Purpose

Southern California Gas Company (SoCalGas) hereby submits for filing with the Public Utilities Commission (Commission) revision to its tariff, List of Contracts and Deviations, applicable throughout its service territory, as shown on Attachment A, to include the Negotiated Areawide Contract (GS-00P-14-BSD-1054) between SoCalGas and the United States (U.S.) General Services Administration (GSA), incorporated herein as Attachment B, which is being submitted under the confidentiality provision of General Order 66-C and Section 583 of the Public Utilities Code, and provided only to the Energy Division. This advice filing is made in compliance with General Order 96-B, Section 8.2.3.

Information

The Agreement provides that SoCalGas will furnish natural gas and/or energy management services to the Federal Government, as defined in Article 1.1(f) of the Agreement, for the next 10 years, in accordance with SoCalGas' currently effective rules and tariffs. This Agreement renews a similar contract last executed with GSA in 2004, filed by Advice No. 3340, and approved by the Commission on February 5, 2004.

The Agreement does not commit either side to any service; it merely provides the framework and mechanism to expedite the process by which Federal agency contracting officers can acquire for their clients SoCalGas' products and services so enumerated in the Agreement.

This filing will not increase any rate or charge, conflict with any rate schedules or rules, or cause the withdrawal of service.
