Advice No. 4711
(U904 G)

Public Utilities Commission of the State of California

Subject: Pre-Approval for Renewal of Two Canadian Interstate Pipeline Capacity Contracts - Decision (D.) 04-09-022

Purpose

Southern California Gas Company (SoCalGas) respectfully requests pre-approval by the California Public Utilities Commission (Commission) to enter into the following transportation capacity contracts: one TransCanada Foothills System - BC Zone 8 contract and one TransCanada NOVA Gas Transmission Ltd. contracts. These contracts are used to transport natural gas supplies from Canada on behalf of the core customers of SoCalGas and San Diego Gas & Electric Company (SDG&E).

Background

Under the interstate capacity acquisition procedure approved in D.04-09-022, contracts for interstate capacity supported by the Office of Ratepayer Advocates (ORA) and The Utility Reform Network (TURN) may be submitted for approval to the Commission by an advice letter.

ORA has authorized SoCalGas to state that it supports the capacity contracts described below. However, TURN was unable to participate in the review process for these contracts due to time constraints.

Description of Contracts

The terms of the proposed contracts are: confidential, described in Attachment A, submitted under the confidentiality provisions of General Order (GO) 66-C and Section 583 of the Public Utilities Code, and provided only to the Energy Division, ORA and TURN.

This filing will not create any deviations from SoCalGas' tariffs, cause withdrawal of service from any present customer, or impose any more or less restrictive conditions.
