Advice No. 4875
(U 904 G)

Public Utilities Commission of the State of California

Subject: Localized Partial Interruptible and Firm Curtailment on October 13, 2015

Purpose

Southern California Gas Company (SoCalGas) hereby submits this Advice Letter to notify the California Public Utilities Commission (Commission) and affected parties of a curtailment event in its service territory.¹

Information

A. Facts Underlying and Reasons for the Curtailment

SoCalGas initiated a localized partial firm curtailment on noncore customers beginning at 5:00 a.m. to 6:00 p.m. daily starting on Tuesday, October 13, 2015 through Friday, October 16, 2015 in order to complete Pipeline Integrity work. Affected interruptible and firm customers will have reduced gas service available during the curtailment.

The outage is the second associated with three phases of Pipeline Integrity work that is needed to perform an in-line inspection on transmission lines.²

SoCalGas' affected customers are located in the city of El Segundo area south of Grand Avenue, west of Vista del Mar Blvd., north of 45th Street, and east of the coastline.

¹ SoCalGas is submitting this Advice Letter pursuant to Decision (D.) 91-09-026.

² See SoCalGas' Envoy notice dated September 17, 2015. Phase 1 of this Pipeline Integrity work was conducted from 7:00 a.m. on Monday, October 5, 2015 through 5:00 p.m. on Friday, October 9, 2015 and Phase 3 will begin at 7:00 a.m. on Wednesday, October 21, 2015 through 5:00 p.m. on Friday, October 23, 2015.

B. Compliance with SoCalGas' Tariffs

This curtailment was instituted in accordance with Section E.2 of Rule No. 30, Transportation of Customer-Owned Gas, and Section C.1 of Rule No. 23, Continuity of Service and Interruption of Delivery.

C. Efforts by SoCalGas to Minimize or Alleviate the Curtailment

SoCalGas provided advanced notification to affected customers of the pipeline maintenance and planned curtailment through their Account Managers. Subsequent notices were posted on September 17, 2015 and October 9, 2015.³ SoCalGas also made efforts to coordinate work around customers' schedules and scheduled the outage in the fall to minimize impact to customers.
