Advice No. 4905 (U 904 G)

Public Utilities Commission of the State of California

<u>Subject</u>: Update of CPUC Reimbursement Account User Fees in Compliance with Resolution M-4828

Southern California Gas Company (SoCalGas) hereby submits for filing revisions to its tariff schedules, applicable throughout its service territory, as shown on Attachment A.

Purpose

The purpose of this Advice Letter is to update utility reimbursement account user fees, in compliance with California Public Utilities Commission (Commission) Resolution M-4828.

Background

Section 431 of the Public Utilities Code provides:

The commission shall annually determine a fee to be paid by every electrical, gas, telephone, telegraph, water, sewer system, and heat corporation and every other public utility providing service directly to customers and subscribers and subject to the jurisdiction of the commission other than a railroad, except as provided in Article 2 (commencing with Section 421).

On December 3, 2015, the Commission issued Resolution M-4828, updating the reimbursement account user fees effective January 1, 2016 from 0.068 to 0.093 cents/therm for gas. Accordingly, SoCalGas is submitting revisions to Preliminary

Statement Part II, Summary of Rates and Charges, and Schedule No. G-SRF, Surcharge to Fund Public Utilities Commission Utilities Reimbursement Account, to comply with the Resolution.

Protest

Anyone may protest this Advice Letter to the Commission. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. The protest must be made in writing and must be received within 20 days of the date this Advice Letter, which is January 6, 2016. There is no restriction on who may file a protest. The address for mailing or delivering a protest to the Commission is:

CPUC Energy Division Attn: Tariff Unit 505 Van Ness Avenue San Francisco, CA 94102

A copy of the protest should also be sent via e-mail to the attention of the Energy Division Tariff Unit (<u>EDTariffUnit@cpuc.ca.gov</u>). A copy of the protest should also be sent via both e-mail and facsimile to the address shown below on the same date it is mailed or delivered to the Commission.

Attn: Sid Newsom Tariff Manager - GT14D6 555 West Fifth Street Los Angeles, CA 90013-1011 Facsimile No. (213) 244-4957

E-mail: snewsom@SempraUtilities.com

Effective Date

SoCalGas believes this Advice Letter is subject to Energy Division disposition and should be classified as Tier 1 (effective pending disposition) pursuant to General Order (GO) 96-B. Because the Ordering Paragraph of Resolution M-4828 specifies that the new user fees provided for in Section 431 of the Public Utilities Code become effective January 1, 2016, SoCalGas requests that the revised tariffs included herein concurrently become effective on January 1, 2016, subject to the Energy Division's determination that the filing complies with Resolution M-4828.

Notice

A copy of this Advice Letter is being sent to SoCalGas' GO 96-B service list. Address change requests to the GO 96-B should be directed by electronic mail to tariffs@socalgas.com or call 213-244-3387.

Schedule No. G-SRF SURCHARGE TO FUND PUBLIC UTILITIES COMMISSION UTILITIES REIMBURSEMENT ACCOUNT

APPLICABILITY

This surcharge applies to all gas sales and transportation services rendered under all tariff rate schedules authorized by the Commission, with the exception of (i) interdepartmental sales or transfers; (ii) sales or transportation services to electric, gas, or steam heat public utilities; and (iii) transportation services to electric generation facilities for wholesale sales to electric, gas or steam heat public utilities or the California Independent System Operator.

TERRITORY

This schedule is applicable within the entire territory served by the Utility.

RATES

Surcharge*

For all service, per therm 0.093ϕ per meter, per month

In 1983 the Legislature established the Public Utilities Commission Reimbursement Fee to be paid by utilities to fund their regulation by the Commission (Public Utilities (PU) Code Section 401-443). The surcharge to recover the cost of that fee is ordered by the Commission under authority granted by the PU Code Section 433.

SPECIAL CONDITION

- 1. Report of Exempt Quantities:
 - a. An electric generator that sells all or only a portion of its electricity production wholesale to an electric, gas, or steam public utility or the California Independent System Operator must provide a written report (Report of Exemption from SRF, Form No. 3090) of the exempt gas quantities to the Utility within three business days, unless prior to this date the Utility and Customer agree to an alternate receipt date, following the month in which gas was consumed in order to receive the exemption. If all gas quantities that are delivered to the electric generator will be exempt on a continuing basis, the electric generator may provide a prospectively effective Report of Exemption with a duration that shall not exceed twelve (12) calendar months.
 - b. Customer is responsible for the accuracy of its reported exempt quantities.
