Advice No. 5069
(U 904 G)

Public Utilities Commission of the State of California

Subject: Emergency Local Service Zone Curtailment Effective November 30, 2016 through December 7, 2016

Purpose

Southern California Gas Company (SoCalGas) hereby submits this Advice Letter to notify the California Public Utilities Commission (Commission) and affected parties of a curtailment event in its service territory.¹

Background

SoCalGas Rule No. 23, Section J, provides the following:

The Utility shall submit an Advice Letter to the Commission's Energy Division within five business days from the conclusion of a non-maintenance-related curtailment. The filing shall state the facts underlying and the reasons for the curtailment, shall demonstrate that the type of curtailment being declared complies with the Utility's tariffs, and shall set forth efforts the Utility has taken to minimize or alleviate the curtailment. The filing shall be served by electronic mail or overnight mail on affected noncore customers and posted by the Utility on its Electronic Bulletin Board.

This Advice filing is being made consistent with that requirement.

Information

A. Facts Underlying and Reasons for the Curtailment

SoCalGas initiated an emergency curtailment of service in the North Valley Local Service

¹ SoCalGas is submitting this Advice Letter pursuant to Decision (D.) 16-07-008.

Zone beginning at 1:16 p.m. on November 30, 2016. The emergency curtailment of service ended at 7:06 a.m. on December 7, 2016. While performing pipeline integrity work on November 30, SoCalGas identified a dent with wall loss on Line 85. Because this dent required emergency repairs SoCalGas immediately reduced the pressure of Line 85 by 20% to 300 PSIG in order to perform the repair work.

The affected customers were electric generator customers located in the North Valley Local Service Zone, which is defined in SoCalGas' tariff maps, Boundary Index Map of Local Service Zones and Territorial Boundary Lines of Local Service Zones. A list of the affected customers is provided in Attachment A.

B. Compliance with SoCalGas' Tariffs

This curtailment was instituted in accordance with Section E of Rule No. 30, Interruption of Service. The curtailment also complies with Section C.1 of Rule No. 23, Effectuation of Curtailment. Specifically, Section C.1.(1) of Rule No. 23 provides that: "In the event of a curtailment being called based on real-time demand, all Dispatchable Electric Generation not operating when a curtailment is issued." Accordingly, each affected noncore customer was provided a Maximum Allowed Usage of zero during the length of the curtailment.

C. Efforts by SoCalGas to Minimize or Alleviate the Curtailment

SoCalGas notified the affected customers of the curtailment of service through their Account Manager and via our Envoy electronic bulletin board. Notices were posted on Envoy on November 30, 2016, December 2, 2016, and December 7, 2016.²

Confidentiality

Due to the confidential nature of the information in Attachment A, a declaration requesting confidential treatment is included. The List of the Affected Customers in Attachment A is only being provided to Energy Division under the confidentiality provisions of General Order (GO) 66-C, Section 583 of the Public Utilities Code, and D.16-08-024.

Protest

Anyone may protest this Advice Letter to the Commission. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. The protest must be made in writing and received within 20 days of the date of this Advice Letter, which is January 3, 2017. There is no restriction on who may file a protest.
