Advice No. 5115
(U 904G)

Public Utilities Commission of the State of California

Subject: Annual Report for Relocation Work Performed for the California High-Speed Rail Authority (CHSRA) in Compliance with Resolution G-3498

Southern California Gas Company (SoCalGas) hereby submits the subject report for filing with the California Public Utilities Commission (Commission).

Purpose

In compliance with Commission Resolution (Res.) G-3498, Ordering Paragraph (OP) 4, SoCalGas hereby provides its annual report for relocation work performed for the CHSRA as Attachment A.

Background

On October 14, 2016, the Commission issued Res. G-3498 ordering SoCalGas, Pacific Gas and Electric Company (PG&E), and Southern California Edison Company (SCE) to file annual reports tracking the cost and status of all relocation work performed for CHSRA on April 1 of every year starting on April 1, 2017.

The annual reports are to be cumulative, summarizing the status and costs of filings and transactions from all years prior to each April 1 filing, and itemizing all information-only filings submitted to the Commission. Res. G-3498 also ordered SoCalGas, PG&E, and SCE to coordinate with the Energy Division prior to filing this first annual report to discuss the report contents and organization, and ordered SoCalGas, PG&E and SCE to submit the annual report as a Tier 2 advice letter. Prior to filing this advice letter, SoCalGas consulted with PG&E, SCE and the Energy Division to maximize consistency in reporting.

Report Summary

This is the first annual report submitted in compliance with Res. G-3498 and encompasses activity for the years 2015 and 2016. During the years covered by the annual report, SoCalGas did not perform relocation work on behalf of CHSRA; therefore, there are no documents of completed land transactions included in this annual report, as shown in Attachment A.
