PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA
ENERGY DIVISION

SUBJECT: Southern California Edison Company, Pacific Gas and Electric Company, San Diego Gas & Electric Company, and Southern California Gas Company's 2016 Energy Efficiency Incentive Award Earnings Rates and Award Caps

I. PURPOSE

Pursuant to Resolution E-4807 (Resolution), issued on December 16, 2016, the Investor-Owned Utilities (IOUs), Pacific Gas and Electric Company (PG&E), San Diego Gas & Electric Company (SDG&E), Southern California Gas Company (SoCalGas) and Southern California Edison Company (SCE), submit this Tier 1 Advice Letter (AL) calculating the 2016 program year (PY) Efficiency Savings and Performance Incentive (ESPI) Mechanism earning rates and award caps.¹

II. BACKGROUND

OP 13 of the Resolution directs the IOUs to file a Tier 1 AL within 60 days of the issue date of the Resolution calculating the 2016 PY ESPI Mechanism earning rates and award caps. Additionally, Ordering Paragraph (OP) 13 directs the IOUs to include a

¹ Resolution E-4807, Ordering Paragraph 13 at p. 50.

comprehensive list of the IOUs’ energy efficiency (EE) programs and budget placements in compliance with the guidelines for the 2017 ESPI ALs.²

On February 3, 2017 the IOUs requested an extension of time to comply with OP 13, noting that the IOUs would not receive the 2017 ESPI guidelines in time to incorporate them in this AL. On February 9, 2017 Executive Director Sullivan approved the IOUs’ extension request, directing the IOUs to file their Tier 1 AL no later than 30 days after Commission staff published the 2017 ESPI guidelines. On June 6, 2017, the Commission published the 2017 ESPI guidelines.

III. THE 2016 PY ESPI STATEWIDE EARNINGS RATES

Table 1 shows the 2016 PY ESPI Statewide Earnings Rates, as calculated in the template presented in Attachment 1. The budgets are allocated by savings type according to estimated relative contribution to portfolio net benefits within each IOU’s budget, then summed to calculate the total allocated statewide budget. PG&E’s and SDG&E’s budget allocations are 56.7%, 28.3%, and 15% for electricity, peak, and gas savings, respectively. SCE’s budget allocation is 67% to electricity savings and 33% to peak savings. SoCalGas’ budget is allocated 100% to gas savings.

Table 1 - 2016 Portfolio Earning Rate

	Allocated Budget	÷ Lifecycle Goals	= Statewide Earnings Coefficients
Electricity Savings (GWh/year)	\$34,261,608	14,208	\$2,411
Peak Savings (MW)	\$17,008,146	2,218	\$7,670
Gas Savings (MMT/year)	\$10,252,372	394	\$26,048

IV. THE 2016 PY ESPI INCENTIVE EARNINGS CAPS

The IOUs calculated the incentive earnings caps for each IOU, based on the resource/non-resource program delineation as presented in Attachment 2. Table 2 shows the 2016 ESPI Award cap, as calculated in the template presented in Attachment 1.

² Resolution at p. 50.

Table 2 - 2016 ESPI Award Cap by Component

	Energy Efficiency Savings	Ex-Ante Review	Codes & Standards	Non-Resource	Total
	9% of Resource Program Budget	3% of Resource Program Budget	12% of C&S Program Budget	3% of Non-Resource Program Budget	
PG&E	\$27,457,245	\$9,152,415	\$1,752,163	\$709,323	\$39,071,147
SCE	\$20,966,541	\$6,988,847	\$581,031	\$788,930	\$29,325,349
SDG&E	\$8,193,593	\$2,731,198	\$110,875	\$288,590	\$11,324,256
SoCalGas	\$4,904,746	\$1,634,915	\$91,293	\$392,899	\$7,023,853

V. FINANCE PILOTS ARE CATEGORIZED AS RESOURCE PROGRAMS

The ESPI Program Expenditures tab in Attachment 1 presents the IOUs' Finance Pilots as Resource Programs per footnote 25 of D.13-09-023, which states:

Financing programs for the 2013-2014 cycle (on-bill repayment and credit enhancement) possess unique characteristics (use of revolving funds; “park” funds in escrow to help secure loans which are not used if loans are repaid in full; etc.) that likely require different incentive structures than traditional resource programs to promote optimal management. However, since these programs are in their nascent stages or still under development, funds associated with financing programs are included in the resource program cap calculation for the 2013-2014 cycle. For future cycles, we anticipate that incentives would include a uniquely designed component for utility finance programs.³

Additionally, on July 30, 2015, Energy Division (ED) reaffirmed this classification for the 2015 PY in its Resolution approving the IOUs joint AL updating the 2015 ESPI earnings rates and award caps,⁴ which stated:

Additionally, in reviewing the resource versus non-resource program categorization, Commission staff re-categorized PG&E and SDG&E's finance programs to be resource rather than non-resource, consistent with the 2013-2014 ESPI cap setting.⁵

³ D.13-09-023 at p. 32.

⁴ On February 23, 2015, PG&E filed on behalf of the IOUs PG&E AL 3566-G/4591-E, SDG&E AL 2709-E/2363-E, SCG AL 4764 and SCE AL 3181-E.

⁵ Resolution at p. 1.

Until the Commission creates incentives that include uniquely designed components for utility finance programs, the IOU finance programs should continue to be categorized as Resource programs.

VI. ATTACHMENT
