To: Energy Company Filing Advice Letter

From: Energy Division PAL Coordinator

Subject: Your Advice Letter Filing

The Energy Division of the California Public Utilities Commission has processed your recent Advice Letter (AL) filing and is returning an AL status certificate for your records.

The AL status certificate indicates:

- Advice Letter Number
- Name of Filer
- CPUC Corporate ID number of Filer
- Subject of Filing
- Date Filed
- Disposition of Filing (Accepted, Rejected, Withdrawn, etc.)
- Effective Date of Filing
- Other Miscellaneous Information (e.g., Resolution, if applicable, etc.)

The Energy Division has made no changes to your copy of the Advice Letter Filing; please review your Advice Letter Filing with the information contained in the AL status certificate, and update your Advice Letter and tariff records accordingly.

All inquiries to the California Public Utilities Commission on the status of your Advice Letter Filing will be answered by Energy Division staff based on the information contained in the Energy Division's PAL database from which the AL status certificate is generated. If you have any questions on this matter please contact the:

Advice No. 5662  
(U 904 G)

Public Utilities Commission of the State of California

**Subject: SoCalGas Quarterly Notice on the Energy Data Request Program**

**Purpose**

In compliance with Ordering Paragraph (OP) 9 of Decision (D.) 14-05-016, Southern California Gas Company (SoCalGas) hereby submits this Advice Letter (AL) to notify the California Public Utilities Commission (Commission) of the transfer of information in SoCalGas' Energy Data Request Program (EDRP), from April 1, 2020 through June 30, 2020, as shown in Attachment A.

**Background**

On May 5, 2014, the Commission issued D.14-05-016 which adopted rules that provide access to energy usage and usage-related data to local government entities, researchers, and state and federal agencies when such access is consistent with state law and the Commission's Privacy Rules. To facilitate this data access, D.14-05-016 adopted a Data Request and Release Process (DRRP) that SoCalGas must follow to receive and fulfill requests for data covered by D.14-05-016. On July 30, 2014, SoCalGas submitted a Tier 2 AL to establish the DRRP through a service offering referred to as the EDRP.<sup>1</sup>

---

<sup>1</sup> Advice No. 4674 was effective August 29, 2014.

## **Discussion**

### **A. Transfer of Information**

SoCalGas initiated its EDRP portal on December 1, 2014 to: 1) receive all requests for data; 2) post details of the data requests; and 3) track the progress and status of utilities' response to those data requests.<sup>2</sup>

From April 1, 2020 through June 30, 2020, SoCalGas: 1) fulfilled nine of twelve data requests from local government entities, researchers, and/or state and federal agencies; 2) cancelled one data request; and 3) approved two data requests for fulfillment at the completion of the 4-week wait period.

During Q2 of 2020, SoCalGas completed 'recurring' requests for CA Community Services Development on June 29, 2020 and City of Moreno Valley on April 23, 2020. Pursuant to D.14-05-016, 'recurring' requests are considered 'ongoing' and do not require advance notice of subsequent transfer once the initial formal letter is sent to the Executive Director of the Commission. On October 13, 2017 and December 20, 2019, SoCalGas sent the initial letter to the Executive Director of the Commission regarding the release of data to CA Community Services Development and the City of Moreno Valley, respectively.

More information regarding SoCalGas' energy data and the SoCalGas EDRP can be found at [www.socalgas.com/energydatarequest](http://www.socalgas.com/energydatarequest).

## **Protest**

Anyone may protest this AL to the Commission. The protest must state the grounds upon which it is based, including such items as financial and service impact and should be submitted expeditiously. The protest must be made in writing and received within 20 days of the date of this AL, which is July 26, 2020. The address for mailing or delivering a protest to the Commission is:

CPUC Energy Division  
Attention: Tariff Unit  
505 Van Ness Avenue  
San Francisco, CA 94102

A copy of the protest should also be sent via e-mail to the attention of the Energy Division Tariff Unit ([EDTariffUnit@cpuc.ca.gov](mailto:EDTariffUnit@cpuc.ca.gov)). Due to the COVID-19 pandemic and the shelter at home orders, SoCalGas is currently unable to receive protests or comments to this AL via U.S. mail or fax. Please submit protests or comments to this AL via e-mail to the address shown below on the same date it is mailed or e-mailed to the Commission.

---

<sup>2</sup> As of Q2 2016, SoCalGas has updated its data catalog to reflect cancelled requests.

### **Effective Date**

SoCalGas believes this AL is subject to Energy Division disposition and should be classified as Tier 1 (effective pending disposition) pursuant to General Order (GO) 96-B. It is in compliance with OP 9 of D.14-05-016. Therefore, SoCalGas respectfully requests that it be made effective on July 6, 2020, which is the date submitted.

### **Notice**

A copy of this AL is being sent to SoCalGas' GO 96-B service list. Address change requests to the GO 96-B service list should be directed by e-mail to [tariffs@socalgas.com](mailto:tariffs@socalgas.com) or call 213-244-2837.
