Advice No. 5864
(U 904G)

Public Utilities Commission of the State of California

Subject: Expedited Advice Letter Approval for Capacity Contracts Between Southern California Gas Company and El Paso Natural Gas Company

Purpose

Southern California Gas Company (SoCalGas) respectfully requests approval by the California Public Utilities Commission (Commission or CPUC) of two interstate capacity contracts with El Paso Natural Gas Company (El Paso).

Background

Under the interstate capacity acquisition procedure approved in Decision (D.) 04-09-022, contracts for interstate capacity supported by the Public Advocates Office and The Utility Reform Network (TURN) may be submitted for approval to the Commission by an Expedited Advice Letter.¹ The Public Advocates Office has been consulted and does not oppose the capacity contracts as described. TURN did not participate in the review process.

¹ See D.04-09-022 at 87 (Finding of Fact 11), which found SoCalGas' request to establish and implement expedited advice letter procedures for pre-approval of certain interstate pipeline and storage capacity contracts to be reasonable. See also *Id.* at 95 (Ordering Paragraph 2), which granted SoCalGas' request to establish capacity contract approval procedures for an initial period of five years, subject to the modifications described therein, as well as authorized SoCalGas to seek continuation or modification of these procedures by Advice Letter. SoCalGas Advice No. 5765 was approved March 5, 2021, and extended the capacity contract approval procedures through March 31, 2024.

Description of Contract

The terms of the contracts are confidential and are described in Attachment A. This submittal will not create any deviations from SoCalGas' tariffs, cause withdrawal of service from any present customer, or impose any more or less restrictive conditions.

Confidentiality

Due to the confidential nature of the contracts which contains market-sensitive negotiated core capacity contract terms, a Confidential Attachment A, pursuant to General Order (GO) 66-D, Section 583 of the Public Utilities Code, and D.17-09-023 is being provided to Energy Division and the Public Advocates Office, and to TURN under the confidentiality provisions of a non-disclosure agreement. A declaration requesting confidential treatment is being provided to the Commission concurrently with this Advice Letter, pursuant to D.17-09-023.

Protest

Anyone may protest this Advice Letter to the Commission. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. The protest must be made in writing and received within 10 days of the date this Expedited Advice Letter was submitted with the Commission, which is September 20, 2021.
