To: Energy Company Filing Advice Letter

From: Energy Division PAL Coordinator

Subject: Your Advice Letter Filing

The Energy Division of the California Public Utilities Commission has processed your recent Advice Letter (AL) filing and is returning an AL status certificate for your records.

The AL status certificate indicates:

Advice Letter Number Name of Filer CPUC Corporate ID number of Filer Subject of Filing Date Filed Disposition of Filing (Accepted, Rejected, Withdrawn, etc.) Effective Date of Filing Other Miscellaneous Information (e.g., Resolution, if applicable, etc.)

The Energy Division has made no changes to your copy of the Advice Letter Filing; please review your Advice Letter Filing with the information contained in the AL status certificate, and update your Advice Letter and tariff records accordingly.

All inquiries to the California Public Utilities Commission on the status of your Advice Letter Filing will be answered by Energy Division staff based on the information contained in the Energy Division's PAL database from which the AL status certificate is generated. If you have any questions on this matter please contact the:

Energy Division's Tariff Unit by e-mail to edtariffunit@cpuc.ca.gov

September 27, 2021

<u>Advice No. 5870</u> (U 904 G)

Public Utilities Commission of the State of California

<u>Subject</u>: Removal from Rates Certain 2020 Revenue Requirements Implementing Decision (D.) 20-08-034 (Pipeline Safety Enhancement Plan) and Resolution (Res.) G-3566 (SDG&E's Transmission Integrity Management Program Balancing Account), Pursuant to Advice No. 5698

Southern California Gas Company (SoCalGas) hereby submits for approval by the California Public Utilities Commission (Commission or CPUC) revisions to its tariffs, applicable throughout its service territory, as shown in Attachment A.

<u>Purpose</u>

In accordance with D.20-08-034, SoCalGas' Advice No. (AL) 5698 implemented recovery of Pipeline Safety Enhancement Plan (PSEP) related revenue requirements for capital projects and regulatory account interest amortized over one year ending on September 30, 2021. In accordance with Res. G-3566, SoCalGas implemented the allocation of SDG&E's Transmission Integrity Management Program Balancing Account (TIMPBA) in its revenue requirements. Therefore, attached herein, SoCalGas is removing from rates these specific 2020 PSEP and San Diego Gas and Electric Company's (SDG&E) TIMPBA revenue requirements effective October 1, 2021.

Background

<u>PSEP</u>

Pursuant to D.12-04-021, SoCalGas¹ and SDG&E created their respective Pipeline Safety and Reliability Memorandum Accounts (PSRMA) to record PSEP-related

¹ SoCalGas submitted AL 4359 on April 20, 2012. AL 4359 was approved by the Commission on May 18, 2012, with an effective date of May 20, 2012.

Operating and Maintenance (O&M) and capital costs. Pursuant to D.14-06-007, SoCalGas' and SDG&E's 2013 Triennial Cost Allocation Proceeding (TCAP), and modified by D.15-12-020, SoCalGas² and SDG&E established their respective Safety Enhancement Capital Cost Balancing Accounts (SECCBA) to record the capital-related costs on capital assets and the Safety Enhancement Expense Balancing Accounts (SEEBA) to record the incremental O&M costs associated with SoCalGas' and SDG&E's PSEP. SoCalGas and SDG&E were required to file cost recovery applications, after December 31, 2015, to review the reasonableness of the PSEP costs recorded in their SEEBAs and SECCBAs. Pursuant to D.16-08-003, SoCalGas³ and SDG&E were authorized interim rate recovery of 50% of the recorded PSRMA, SEEBA, and SECCBA balances, subject to refund.

On November 13, 2018, SoCalGas and SDG&E filed a joint Application (A.) 18-11-010 requesting reasonableness review and recovery of costs recorded in the PSRMA, SEEBA, and SECCBA regulatory accounts.

D.20-08-034 authorized SoCalGas to submit a Tier 1 advice letter to update the revenue requirements, including regulatory account interest, and incorporate the updated revenue requirements into rates on October 1, 2020. D.20-08-034 also authorized SoCalGas to recover fully loaded costs of \$809 million, before other overhead exclusions. Adjusted fully loaded costs are approximately \$789 million.⁴

The revenue requirement associated with the fully loaded costs, adjusted for ongoing capital-related costs through December 2020 associated with PSEP capital project costs found reasonable by D.20-08-034, net of trailing cost credits, 50% interim rate recovery,⁵ and regulatory account interest through December 2020, is \$193.8 million (without FF&U). After the transmission system cost integration between SDG&E and SoCalGas, this PSEP revenue requirement for SoCalGas becomes \$194 million (with FF&U), which was amortized over one-year, effective October 1, 2020, and will be removed from October 1, 2021 rates.

Removal of Allocation of SDG&E's TIMPBA

Per AL 5698, SoCalGas implemented a \$1.7 million revenue requirement (without FF&U) for SDG&E's TIMPBA under collection for 2016-2018. This amount was allocated to SoCalGas due to the integrated nature of the SDG&E and SoCalGas

² SoCalGas submitted AL 4664 on July 3, 2014. AL 4664 was approved by the Commission on August 12, 2014, with an effective date of June 12, 2014.

³ SoCalGas submitted AL 5017-A on August 31, 2016. AL 5017-A was approved by the Commission on March 16, 2017, with an effective date of September 1, 2016.

⁴ Pension and Post-Retirement Benefits Other Than Pensions (PBOPs) and certain other overhead loaders are exclusions in determining revenue requirements.

⁵ Pursuant to D.16-08-003, SoCalGas and SDG&E have been authorized partial (50%) interim rate recovery of PSEP costs, subject to refund, and have previously incorporated a portion of costs associated with this application into rates (see AL 5017-A).

transmission systems and rate recovery mechanisms effective October 1, 2020. This balance was amortized over a one-year period. SoCalGas is removing the SDG&E TIMPBA from its rates effective October 1, 2021.

Summary of Revenue Requirement Changes

Below is a summary of revenue requirement changes in this AL (with FF&U):

(\$millions)

PSEP Revenue Requirement (SoCalGas AL 5698)	(\$194.0)
TIMPBA (SoCalGas AL 5698) and (SDG&E AL 2909-G)	(\$1.7)
Other Revenue Adjustment ⁶ Total	<u>\$3.3</u> (\$192.4)

Included with this submittal are a combined summary of Natural Gas Transportation Rate Revenues (Attachment B) and a table that summarizes the above-mentioned components of the change in revenue requirement (Attachment C).

Revenue Requirement Impact by Class of Service

Class of Service	Applicable <u>Rate Schedules</u>	Net M\$ (with FF&U) Increase/(Decrease)
Core	GR, GS, GM, GO-AC, G-NGVR, GL, G-10, G-AC, G-EN, G-NGV	
Noncore	GT-NC, GT-TLS	(\$36.1)
Backbone Transportation Service (BTS) and Other	G-BTS	(\$32.4)
TOTAL		(\$192.4)

⁶ Enhanced Oil Recovery (EOR), SoCalGas and SDG&E Electric Generation (EG), Transmission Level Service (TLS), and Natural Gas Vehicle (NGV) rate adjustments.

Protest

Anyone may protest this advice letter to the Commission. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. The protest must be made in writing and received within 20 days of the date of this advice letter, which is October 17, 2021. The address for mailing or delivering a protest to the Commission is:

CPUC Energy Division Attention: Tariff Unit 505 Van Ness Avenue San Francisco, CA 94102

A copy of the protest should also be sent via e-mail to the Energy Division Tariff Unit (<u>EDTariffUnit@cpuc.ca.gov</u>). Due to the COVID-19 pandemic and the shelter at home orders, SoCalGas is currently unable to receive protests or comments to this advice letter via U.S. mail or fax. Please submit protests or comments to this advice letter via e-mail to the addresses shown below on the same date it is mailed or e-mailed to the Commission.

Attn: Ray B. Ortiz Tariff Manager - GT14D6 555 West Fifth Street Los Angeles, CA 90013-1011 Facsimile No.: (213) 244-4957 E-mail: <u>ROrtiz@socalgas.com</u> E-mail: <u>Tariffs@socalgas.com</u>

Effective Date

SoCalGas believes this advice letter is subject to Energy Division disposition and should be classified as Tier 1 (effective pending disposition) pursuant to General Order (GO) 96-B. Therefore, SoCalGas respectfully requests that this advice letter become effective for service on and after October 1, 2021.

Notice

A copy of this advice letter is being sent to SoCalGas' GO 96-B service list and the Commission's service lists in A.08-09-023, A.14-11-004, A.15-07-014, and A.17-10-008. Address change requests to the GO 96-B service list should be directed via e-mail to <u>Tariffs@socalgas.com</u> or call 213-244-2837. For changes to all other service lists, please contact the Commission's Process Office at 415-703-2021 or via e-mail to <u>Process Office@cpuc.ca.gov</u>.

LOS ANGELES, CALIFORNIA CANCELING

59151-G 58375-G CAL. P.U.C. SHEET NO.

PRELIMINARY STATEMENT PART XI PERFORMANCE BASED REGULATION

(Continued)

G. CORE PRICING FLEXIBILITY (Continued)

2. Class Average Long Run Marginal Cost (LRMC) Floor Rates (Continued)

b. The following table lists the full transportation rates authorized by D.14-06-007, and the class average LRMC floor rates authorized by D.98-01-040. LRMC Floor Rates were updated with new values established in D.00-04-060, D.01-12-018, and SoCalGas Advice No. 4053, effective January 1, 2010. Full Transportation Rates are updated with new values established in Advice No. 5870 effective October 1, 2021. The floor rates represent the lowest possible average annual rate by class under which SoCalGas can serve gas. These rates represent a starting point for the program and, pursuant to Commission order, may be modified in future rate proceedings.

<u>Class</u>	Full Transportation Rate	LRMC Floor Rate
Residential	102.7 cents/therm	23.3 cents/therm
G-10, 0 to 3 Mth	102.5 cents/therm	36.2 cents/therm
G-10, 3-50 Mth	55.6 cents/therm	10.8 cents/therm
G-10, 50-250 Mth	29.6 cents/therm	6.5 cents/therm
G-10, >250Mth	26.4 cents/therm	4.2 cents/therm
Gas A/C	20.8 cents/therm	5.7 cents/therm
Gas Engines	19.8 cents/therm	4.9 cents/therm
NGV	27.8 cents/therm	3.7 cents/therm

- c. Optional tariffs or negotiated rate contracts that would result in average annual rates below class average LRMC will be subject to Commission approval through the Expedited Application Docket (EAD) process.
- d. With prior Commission approval under the EAD process, SoCalGas may discount average annual rates to a floor of customer-specific LRMC that includes the full interstate pipeline reservation charges allocated to core customers.

3. Types of Customers and Contracts

Optional tariffs and negotiated rates are applicable to new or existing customers for the purpose of load growth or load retention.

a. New Customers

A new customer is defined as a new meter measuring volumes not previously served, or a reconnected meter measuring load that has been off the system for at least 12 months.

Schedule No. GR <u>RESIDENTIAL SERVICE</u> (Includes GR, GR-C and GT-R Rates)

APPLICABILITY

The GR rate is applicable to natural gas procurement service to individually metered residential customers.

The GR-C, cross-over rate, is a core procurement option for individually metered residential core transportation customers with annual consumption over 50,000 therms, as set forth in Special Condition 10.

The GT-R rate is applicable to Core Aggregation Transportation (CAT) service to individually metered residential customers, as set forth in Special Condition 11.

The California Alternate Rates for Energy (CARE) discount of 20%, reflected as a separate line item on the bill, is applicable to income-qualified households that meet the requirements for the CARE program as set forth in Schedule No. G-CARE.

TERRITORY

Applicable throughout the service territory.

SCHEDULE NO. GO-AC <u>OPTIONAL RATES FOR CUSTOMERS PURCHASING NEW GAS</u> AIR CONDITIONING EQUIPMENT (Includes GO-AC and GTO-AC Rates)

APPLICABILITY

The Gas Air Conditioning (AC) optional rate program is for residential customers who 1) would normally qualify for service under Schedule No. GR, and 2) have, within 12 months prior to sign-up, purchased a newly constructed home with gas AC, installed gas AC equipment in a newly constructed home, or replaced an existing gas AC unit with a new, more efficient gas AC unit.

The GO-AC rate is applicable to natural gas procurement service for individually metered residential customers.

The GTO-AC rate is applicable to Core Aggregation Transportation (CAT) service to individually metered residential customers.

TERRITORY

Applicable throughout the service territory.

Sheet 1

Schedule No. G-NGVR <u>NATURAL GAS SERVICE FOR HOME REFUELING OF MOTOR VEHICLES</u> <u>(Includes G-NGVR, G-NGVRC and GT-NGVR Rates)</u>

APPLICABILITY

The G-NGVR rate is applicable to natural gas procurement service to individually metered residential customers who have an installed natural gas vehicle (NGV) home refueling appliance, as set forth in Special Conditions 3 and 5.

The G-NGVRC, cross-over rate, is a core procurement option for individually metered residential core transportation customers with annual consumption over 50,000 therms, as set forth in Special Condition 10.

The GT-NGVR rate is applicable to Core Aggregation Transportation (CAT) service to individually metered residential customers, as set forth in Special Condition 11.

The California Alternate Rates for Energy (CARE) discount of 20%, reflected as a line item on the bill, is applicable to income-qualified households that meet the requirements for the CARE program as set forth in Schedule No. G-CARE.

Sheet 1

Schedule No. GL <u>STREET AND OUTDOOR LIGHTING</u> <u>NATURAL GAS SERVICE</u>

APPLICABILITY

Applicable to natural gas service supplied from the Utility's core portfolio, as defined in Rule No. 1, for continuous street and outdoor lighting in lighting devices approved by the Utility. Service under this schedule is conditional upon arrangements mutually satisfactory to the customer and the Utility for connection of customer's lighting devices to Utility's facilities.

The minimum term of service hereunder is one month, as described in Special Condition 2.

TERRITORY

Applicable throughout the system.

<u>RATES</u>

The charges are based upon the monthly non-residential procurement charge as set forth in Schedule No. G-CP; and the GN-10 class average transportation rate.

The non-residential procurement charge is determined as set forth in Schedule No. G-CP, in the manner approved by D.96-08-037, and subject to change monthly as described in Special Condition 3.

Schedule No. G-AC <u>CORE AIR CONDITIONING SERVICE FOR COMMERCIAL AND INDUSTRIAL</u> <u>(Includes G-AC, G-ACC and GT-AC Rates)</u>

APPLICABILITY

Applicable to natural gas core service for qualifying gas cooling uses, as specified herein, at each Facility classified in Rule No. 23 as Priority 1 and 2A or receiving service under Schedule No. G-10. In addition, this schedule is applicable to all qualifying core Priority 1 and 2A uses at each Facility served in combination with noncore service.

The California Alternate Rates for Energy (CARE) discount of 20%, reflected as a separate line item on the bill, is limited to Non-Profit Group Living Facilities and Agricultural Employee Housing Facilities that meet the requirements for the CARE program as set forth in Schedule No. G-CARE.

TERRITORY

Applicable throughout the service territory.

The amount of gas applicable under the electric generation rate is determined in accordance with * the provisions stated in Special Condition 17 herein.

Additional Charges

Rates may be adjusted to reflect any applicable taxes, franchise or other fees or regulatory surcharges approved or directed by the CPUC.

Reservation Rate Option

Contract Quantity

Customer will specify a uniform Daily Reservation Quantity (DRQ) for service under this rate option subject to the Utility's approval which will not be unreasonably withheld. For Bypass customers, the DRQ is subject to Utility's capacity availability. The DRQ, which may be zero, shall be reflected in Schedule A of the Master Services Contract as scheduled quantities applicable to RS service. Metered usage above Customer's DRQ on a daily basis will be subject to a volumetric transportation charge for non-Bypass or Bypass customers, respectively, as specified in Special Conditions 4.a.ii and 4.b.i.
