Advice No. 6120
(U 904G)

Public Utilities Commission of the State of California

Subject: 2022 Annual Report for Relocation Work Performed for the California High-Speed Rail Authority (CHSRA) in Compliance with Resolution G-3498

Purpose

In compliance with Commission Resolution (Res.) G-3498, Ordering Paragraph (OP) 4, Southern California Gas Company (SoCalGas) hereby provides its annual report for relocation work performed for the CHSRA as summarized in the "Report Summary" and as shown in Attachment A.

Background

Res. G-3498 ordered SoCalGas, Pacific Gas and Electric Company (PG&E), and Southern California Edison Company (SCE) to submit annual reports tracking the cost and status of all relocation work performed for CHSRA on April 1 of every year starting on April 1, 2017.

The annual reports are to be cumulative, summarizing the status and costs of submittals and transactions from all years prior to each April 1 submittal, and itemizing all information-only submittals provided to the Commission. Res. G-3498 ordered SoCalGas, PG&E and SCE to submit the annual report as a Tier 2 Advice Letter.

Report Summary

This is the seventh annual report submitted in compliance with Res. G-3498 and encompasses activity for the years 2015 through 2022.

During the years covered by the annual report, SoCalGas performed relocation work on behalf of CHSRA, including in 2022; however, there are no documents of completed land transactions included in this annual report. CHSRA will require the transmittal of completion packages prior to recording land transactions. There are no costs charged to ratepayers for work related to the CHSRA Project.
