Advice No. 6145
(U 904 G)

Public Utilities Commission of the State of California

Subject: Revision of the Ownership Charges in Rule No. 20, Gas Main Extensions and Rule No. 02, Description of Service

Southern California Gas Company (SoCalGas) hereby submits for approval by the California Public Utilities Commission (Commission or CPUC) revisions to its Rule No. 20, Gas Main Extensions and Rule No. 02, Description of Service, applicable throughout its service territory, as shown in Attachment A.

Purpose

SoCalGas proposes to revise the ownership charges described in Rule No. 20 and Rule No. 02.

Background

Section H.2, in Rule No. 20 and Section P.3. c.(3) in Rule No. 02 state that the Utility will periodically review the factors it uses to determine residential and non-residential allowances and monthly ownership charges, respectively. If such review results in a change of more than five percent (5%) in either the allowances or ownership charges, the Utility will submit a tariff revision proposal to the Commission for review and approval. Such proposed changes shall be submitted no sooner than six (6) months after the last revision.¹

SoCalGas used the methodology authorized by the Commission on page 4 of D.07-07-019 to calculate the ownership charges and the non-residential allowance multiplier. The last revision was submitted on May 27, 2022 by Advice No. 5984 and effective July 1, 2022.

¹ Uniform line extension and service rules for gas and electric utilities were provided as Appendix B in Decision (D.) 94-12-025 of Rulemaking 92-03-050.

Discussion

SoCalGas concluded a review of the factors it uses to determine its residential allowances, non-residential allowances, and ownership charges. This review revealed that updated factors produced a change in the Customer Financed ownership charges beyond the 5% threshold.² Utility Financed ownership charges, Non-Residential Allowance Multiplier, and the Residential Allowances were not beyond the 5% threshold and, therefore, are not being updated. The factors mentioned above should be revised as shown below:

Factor	Current	Updated	% Change	Update Required based on >5% threshold? (Yes/No)	Tariff Schedule
Customer Financed	0.67%	0.75%	13.0%	Yes	Rule 02/20
Utility Financed	1.41%	1.48%	5.0%	No	Rule 02/20
Cost of Service Factor	16.97%	17.81%	5.0%	No	Rule 20
Non-Residential Allowance Multiplier	3.4	3.4	0.0%	No	Rule 20
Residential Allowances					
Water Heat	\$682	\$650	-5.0%	No	Rule 20
Space Heat	\$818	\$779	-5.0%	No	Rule 20
Cooktop & Oven	\$152	\$144	-5.0%	No	Rule 20
Dryer Stub	\$160	\$159	-1.0%	No	Rule 20
Space Cooling	\$0	\$0	0.0%	No	Rule 20

Attachment B illustrates the methodology underlying the calculations of the residential and non-residential allowances and the monthly ownership charges. Consequently, SoCalGas proposes revisions to its tariffs provided as Attachment A.

Proposed Tariff Revisions

Rule No. 02, Section P.3.c.(1)

The Customer Financed monthly ownership charge is revised from 0.67% to 0.75% of the amount advanced.

Rule No. 20, Section I, Definitions

For purposes of calculating the Ownership Charge, the Customer Financed per month factor is revised from 0.67% to 0.75%.

This submittal will not create any deviations from SoCalGas' tariffs, cause withdrawal of service from any present customers, or impose any more restrictive conditions than those which currently exist.

² Per Rule No. 20, H. Special Conditions, 2. Periodic Review.

Protests

Anyone may protest this Advice Letter to the Commission. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. The protest must be submitted electronically and must be received within 20 days after the date of this Advice Letter, which is June 15, 2023. Protests should be submitted to the attention of the Energy Division Tariff Unit at:

E-mail: EDTariffUnit@cpuc.ca.gov

In addition, protests and all other correspondence regarding this Advice Letter should also be sent electronically to the attention of:

Attn: Gary Lenart
Regulatory Tariff Manager

P. Special Facilities (Continued)

3. Costs Charged to Applicant for Special Facilities. (Continued)

c. Ownership Charge. In addition to providing for the payment of charges under any other applicable tariff, the Applicant will pay ownership charge or charges for either Utility-financed or Customer-financed facilities. The monthly ownership charge for Utility-financed facilities includes depreciation, authorized return, income taxes, property taxes, Operation and Maintenance (O&M) expense, Administrative and General (A&G) expense, Franchise Fees and Uncollectibles (FF&U), property insurance and replacement, if needed, for 60 years at no additional cost to the customer. The monthly ownership charge for Customer-financed facilities includes property taxes, Operation and Maintenance (O&M) expense, Administrative and General (A&G) expense, Franchise Fees and Uncollectibles (FF&U), property insurance and replacement, if needed, for 60 years at no additional cost to the customer. At Utility's discretion, dependent on such factors as the Applicant's creditworthiness, longevity of the project, practicality of collecting periodic payments, administration of the contract and other factors, Utility may require Applicant to pay the monthly Utility-financed or Customer-financed charge, or a lump sum payment, or Utility may agree to other payment arrangements.

(1) Monthly Ownership Charge. At the Utility's option, the Applicant will be required to pay monthly Utility-financed or Customer-financed ownership charges, as follows:

<u>Type of Facility</u>	<u>Financing</u>	<u>Monthly Charge</u>
Distribution	Customer	0.75% of the amount advanced
	Utility	1.41% of the additional cost

These monthly ownership charges will commence when the special facilities are first ready to serve, as determined by Utility. Utility will notify Customer of this date, through its first invoice. The monthly ownership charges to Customer will automatically change in the event the rates set forth in this Rule 2 change.

(2) Lump-Sum Payment. At Utility's option, the Applicant may be required to make an equivalent one-time payment in lieu of the monthly charge. The one-time payment will equal the estimated cost of the special facilities, plus the estimated cost of removal or abandonment less the estimated net salvage value of removed or abandoned materials. This payment will be required in the event that the Applicant terminates the use of the special facilities at any time within five (5) years immediately following the date the special facilities are first ready to serve.

Rule No. 20
GAS MAIN EXTENSIONS

Sheet 13

(Continued)

I. DEFINITIONS (Continued)

MAIN EXTENSION. The length of main and its related facilities required to transport gas from the existing distribution facilities to the point of connection with the service pipe.

A Main Extension consists of new distribution facilities of the Utility that are required to extend service into an open area not previously supplied to serve an Applicant. It is a continuation of, or branch from, the nearest available existing permanent Distribution Main, to the point of connection of the last service. The Utility's Main Extension includes any required Substructures and facilities for transmission taps but excludes service connections, services, and meters.

METER SET ASSEMBLY. Meter, service pressure regulator, and associated fittings.

NET REVENUE. That portion of the total rate that supports Utility's extension costs and excludes such items as fuel costs, transmission, storage, public purpose programs, and other energy adjustment costs that do not support the extension costs.

NON RESIDENTIAL ALLOWANCES NET REVENUE MULTIPLIER. This is a revenue-supported factor determined by Utility that is applied to the net revenues expected from non-residential loads to determine non-residential allowances.

OWNERSHIP CHARGE. The monthly ownership charge is a percentage rate applied against the remaining refundable balance after thirty-six (36) months from the date the Utility is first ready to serve. This charge recovers the cost of operating and maintaining customer-financed facilities that are not fully utilized. The Ownership Charge includes property taxes, Operation and Maintenance (O&M), Administrative and General (A&G), Franchise Fees and Uncollectibles (FF&U), property insurance, and replacement for 60 years at no additional cost. For the purpose of calculating Ownership Charge, a 0.75% per month factor will be used.

PERMANENT SERVICE. Service which, in the opinion of the Utility, is of a permanent and established character. This may be continuous, intermittent, or seasonal in nature.

PROTECTIVE STRUCTURES. Fences, retaining walls (in lieu of grading), barriers, posts, barricades, and other structures as required by the Utility.

RESIDENTIAL DEVELOPMENT. Five (5) or more dwelling units in two (2) or more buildings located on a single parcel of land.

RESIDENTIAL SUBDIVISION. An area of five (5) or more lots for residential dwelling units which may be identified by filed subdivision plans or an area in which a group of dwellings may be constructed about the same time, either by a builder or several builders working on a coordinated basis.

Tariff Rule 20 Section H.2 Periodic Review:

Utility will periodically review the factors it uses to determine its

- 1) residential allowances
- 2) non-refundable discount option percentage rate
- 3) Non-Residential Net Revenue Multiplier
- 4) cost-of-service factor

stated in this rule. If such review results in a change of more than five percent (5%),

the Utility will submit a tariff revision proposal to the Commission for review and approval. Such proposed changes shall be submitted no sooner than six (6) months after the last revision.

Additionally, Utility shall review and submit proposed tariff revisions to implement relevant Commission decisions from other proceedings that affect this Rule.
