Location of Premises _____

City _____

For efficiency of operation, the Southern California Gas Company has moved its gas meter from its former location on this property to a point _____ feet, more or less, nearer the gas main serving this property. For the owner's convenience, the Company left in place the service pipe extending from the new meter location to the owner's house piping.

The property owner, in accordance with the terms and conditions of the Company's Rule No. 26 (see below) as filed with the California Public Utilities Commission, will maintain and keep in good condition, and be responsible for the operation of, that portion of service pipe **converted to yard pipe**, beyond or downstream of the relocated gas meter connection. The Southern California Gas Company will not be responsible, and assumes no responsibility, for the operation or maintenance of this **converted** service pipe.

Rule No. 26

CONSUMER RESPONSIBLE FOR EQUIPMENT FOR RECEIVING GAS

- A. The Consumer shall, at the Consumer's own risk and expense, furnish, install and keep in good and safe condition all Consumer's Equipment, as defined in Rule No. 1. The Company shall not be responsible for the selection, installation, operation, maintenance or condition of any Consumer Equipment or for any injuries or damages resulting therefrom including, without limitation, any injuries or damages resulting from Odorant Fade, as defined in Rule No. 1, occurring in the Consumer Equipment, as defined in Rule No. 1. This limitation does not apply to Odorant Fade occurring upstream of Consumer Equipment.
- B. In those cases where the gas meter is so set as to require use by the Utility of all or a portion of the house line and/or yard pipe belonging to some party other than the Utility, then and in any such event such party shall be responsible, and the Utility shall not be responsible, for the installation, operation, or maintenance of such house line and/or yard pipe so used by the Company or for any injuries or damages resulting therefrom.
